JMS/USDB NEWS

What's buzzing this month?

Welcome back! Summer is over! We decided to put up a newspaper online every month so people can know what's going on in JMS/USDB.

Starting off, we have a new playground! You can read more about it in the Crime section.

JMS now has a high school program, and three classrooms with kids who are blind joining us.

Our principal, Jill Radford resigned her position. We will miss her very much. She was very good principal. We still don't know who will be next principal.

Our teacher, Crickette is engaged to Darth Vader! Really! It's TRUE!!!! Barbie got engaged too. Ellen and Leanna recently got married.

A lot of teachers changed here in JMS. Andrew Beck and Amber Lunc are not teaching here anymore. We have two new teachers, Teresa Owine and Boni Henrie. Amber Lund quit because she had a baby. Also Stephanie Morgan just had a baby too. Morgann Smith moved to Gallaudet University and become a Gallaudet student. She played soccer over there too. Nik Ford moved to Virginia because he got a job as an interpreter.

Crime In JMS!!!

By Bryce J.

Guess what happened with the Jean Massieu School for Deaf 's playground???

Our new playground was vandalized last week. They sprayed graffiti on the playground and it looked horrible. But community heard about us, and they want to help us to clean the playground. Many companies came to the playground and cleaned it really WELL!!!

You can't imagine that our PTA (Parent Teacher Association) saved about fifty- five thousand dollars! The Utah Legislature gave a lot of money too. Now our K-6 grades students can play and enjoy. They are really lucky this year, because some students in 7 to 8 grades never had a REAL playground. But we are really happy for them. We will support them for ALL TIME!

Sports News

By Isicc P.

Anthony F. and Isicc P. play on Jr.Jazz team for basketball in summer. The team won all games but lost 2. Our team came in 2nd place in the summer tournament. All boys on team are good players, rough, hard working player in game.

Most of the team does not know sign language, but the assistant coach (Anthony's father) signs. Everyone still understands what to do and there were no problems with communicating.

Bryce J. plays for the Herriman High School football team. He practices a lot, it is hard work for the real football games. Bryce loves the Herriman football team.

LEGO NEWS

By Isicc P. and Josette S.

Welcome to Lego News!!! We are very excited to have kids/teens working with Lego. This year, we have a competition against many Lego teams. Right now, we are building the obstacles for the board and learning how to make the robots work. Let's hope we can DO IT!!!

This year's theme is Food Factor! We will have four challenges to get points.

They are explaining why we build the robot, making robots to overcome the obstacles, and see if our team works together well. Here are the pictures, they show how we are starting off!!

Where did JMS students go on summer vacation?

RIDDLES OF MONTH

Can you do it?

Easy

By Josette aka Jojo aka MojoJojo

Feed me and I live, yet give me a drink and I die.

Hard

The beginning of eternity

The end of time and space

The beginning of every end,

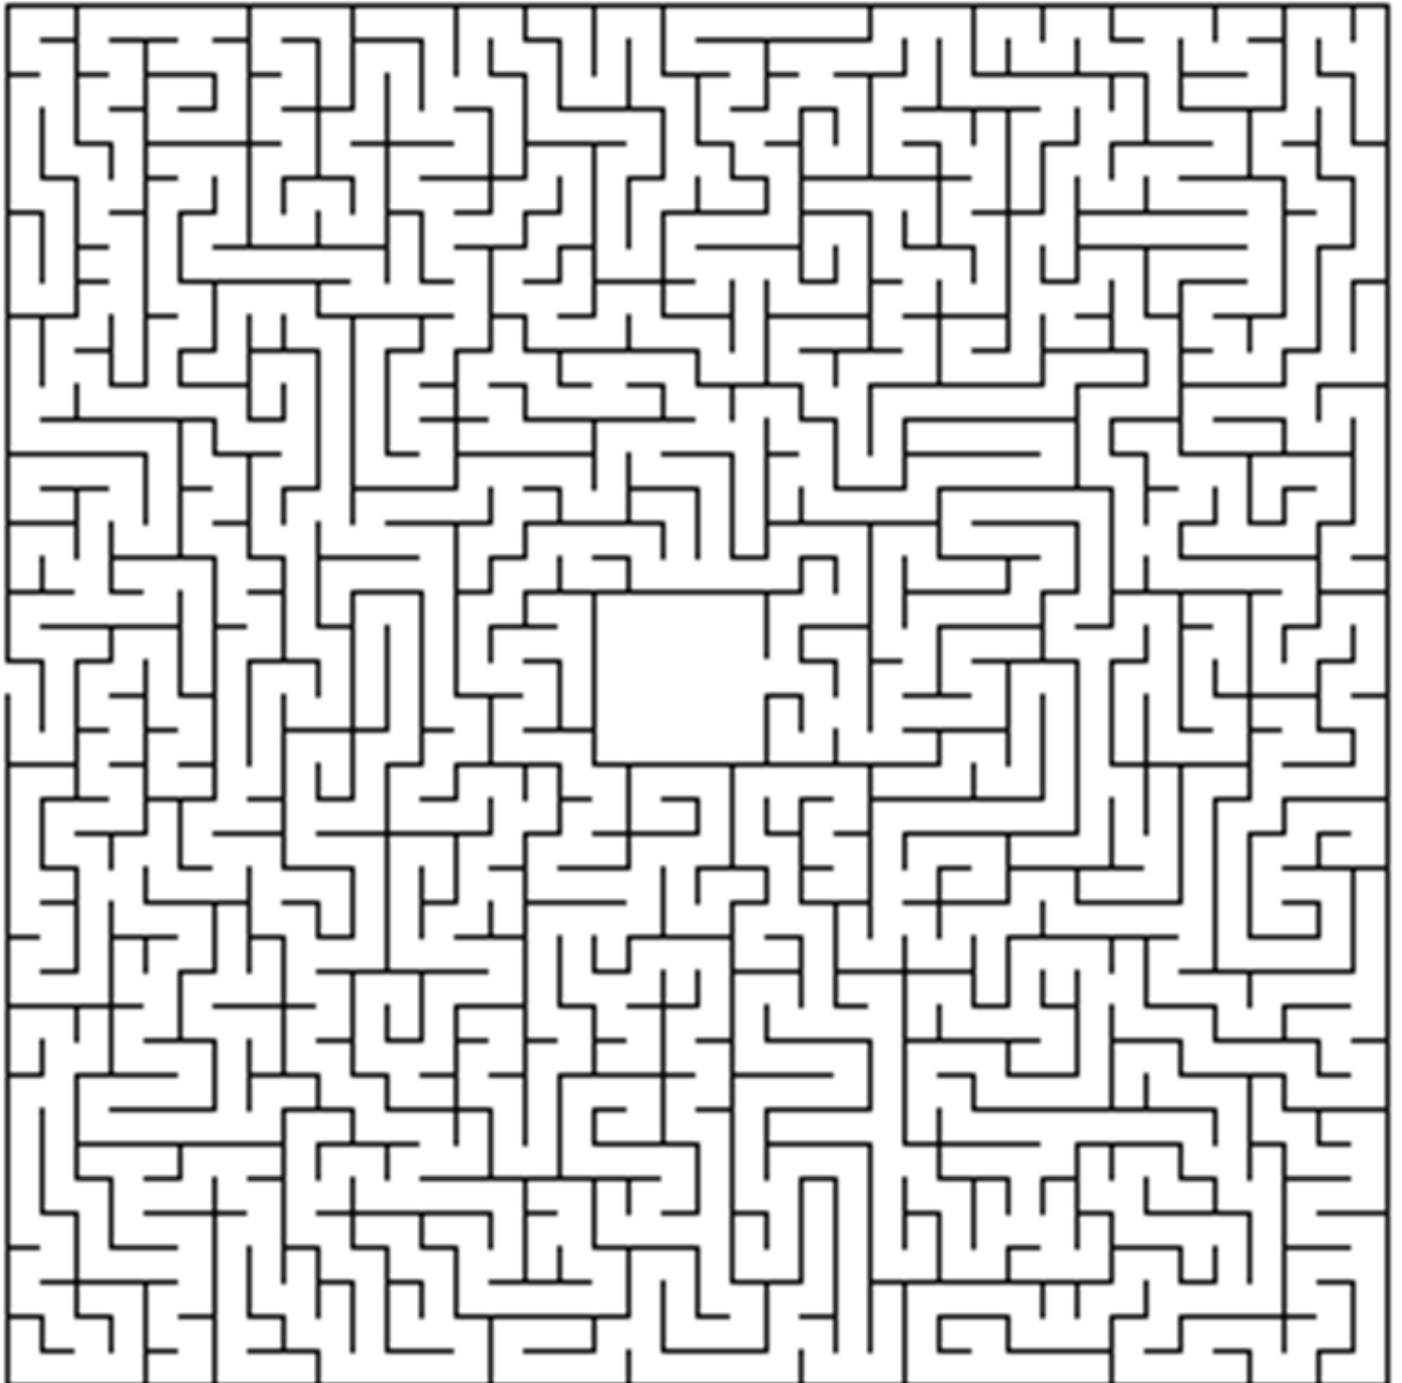

And the end of every place

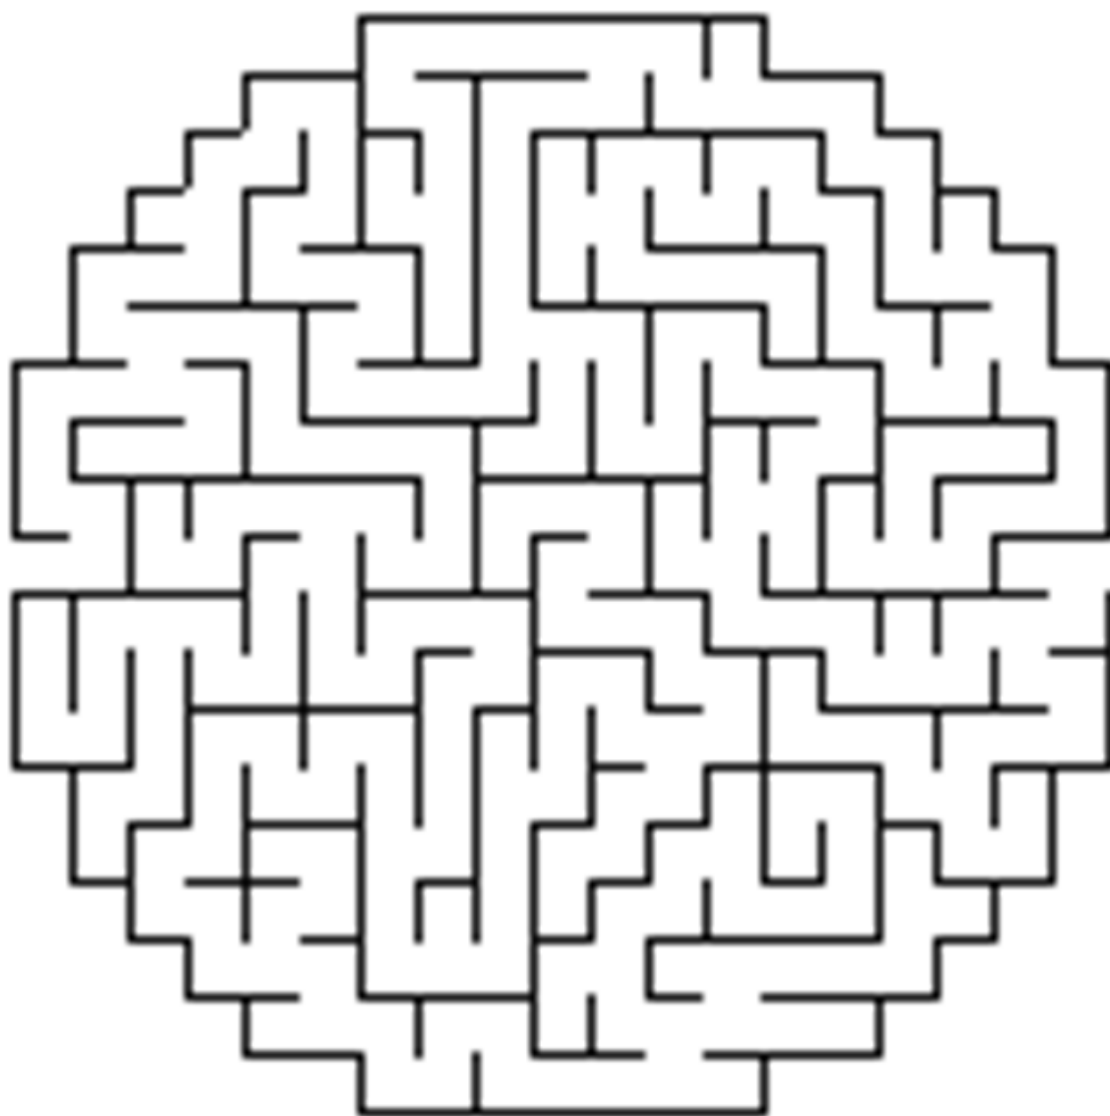

If you know the answer, write it down on paper and the date that you figured it out and put it in the box in front of computer lab. We will give candy to whoever answers it right!
